Door sills.

Accessible and adaptable

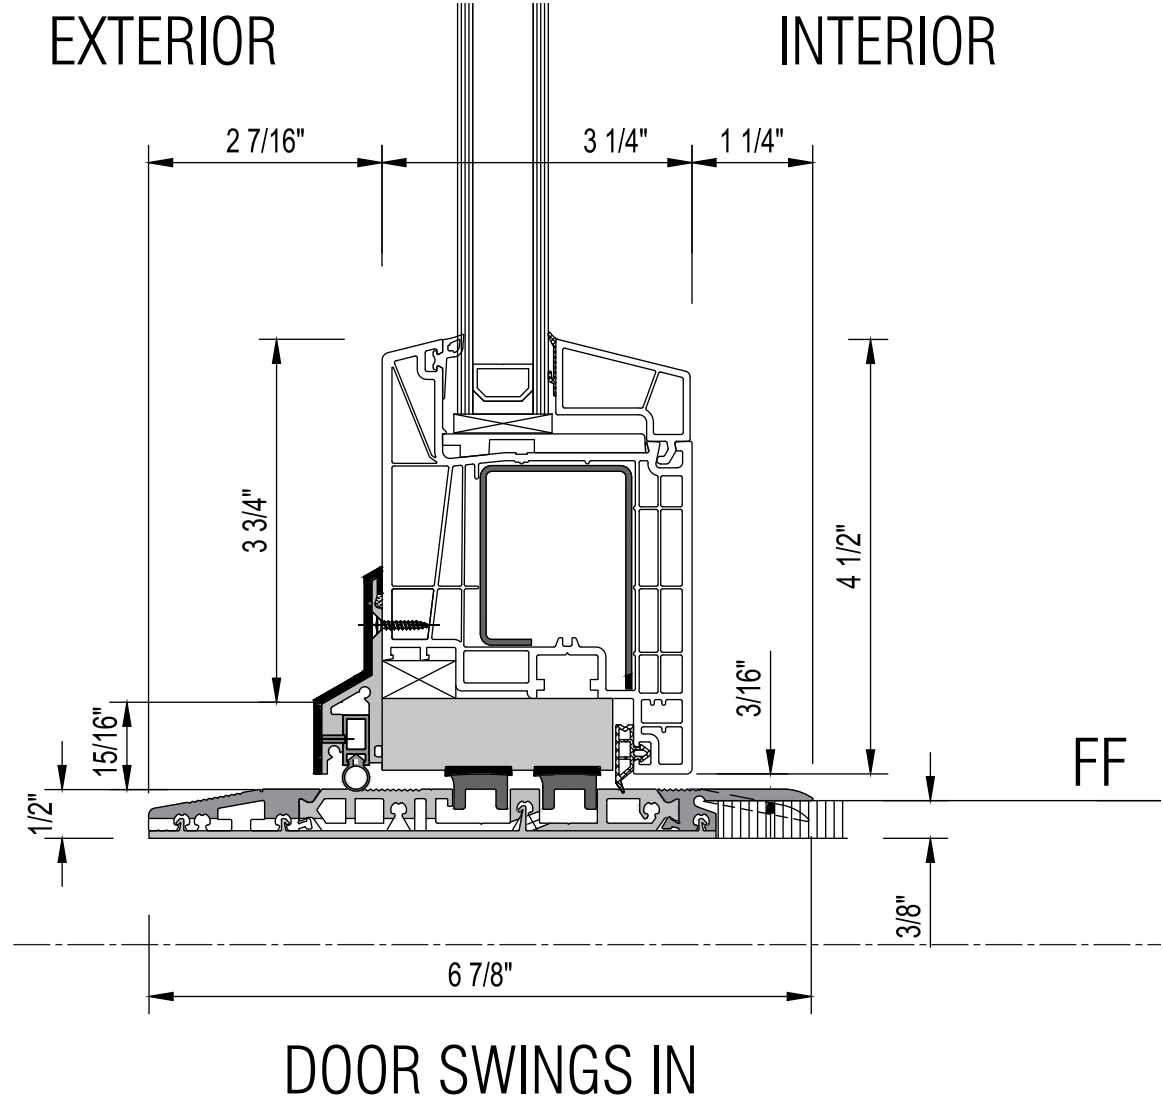

The two low sills for a Vi6 in-swing terrace door: the accessible threshold, flat and half an inch high, and the standard threshold set up so a ramp can be added later. Details are drawn at half full size unless the sheet says otherwise.

IN THIS SET

01	Vi6 terrace door	Accessible sill
02	Vi6 terrace door	Adaptable sill

READING THE SHEETS

- Scale** Print at 100% on Letter. Do not fit to page.
- Units** Dimensions in inches.
- Steel** Zinc-coated steel reinforcement is shown hatched.
- Issued** September 2026. Supersedes earlier issues.

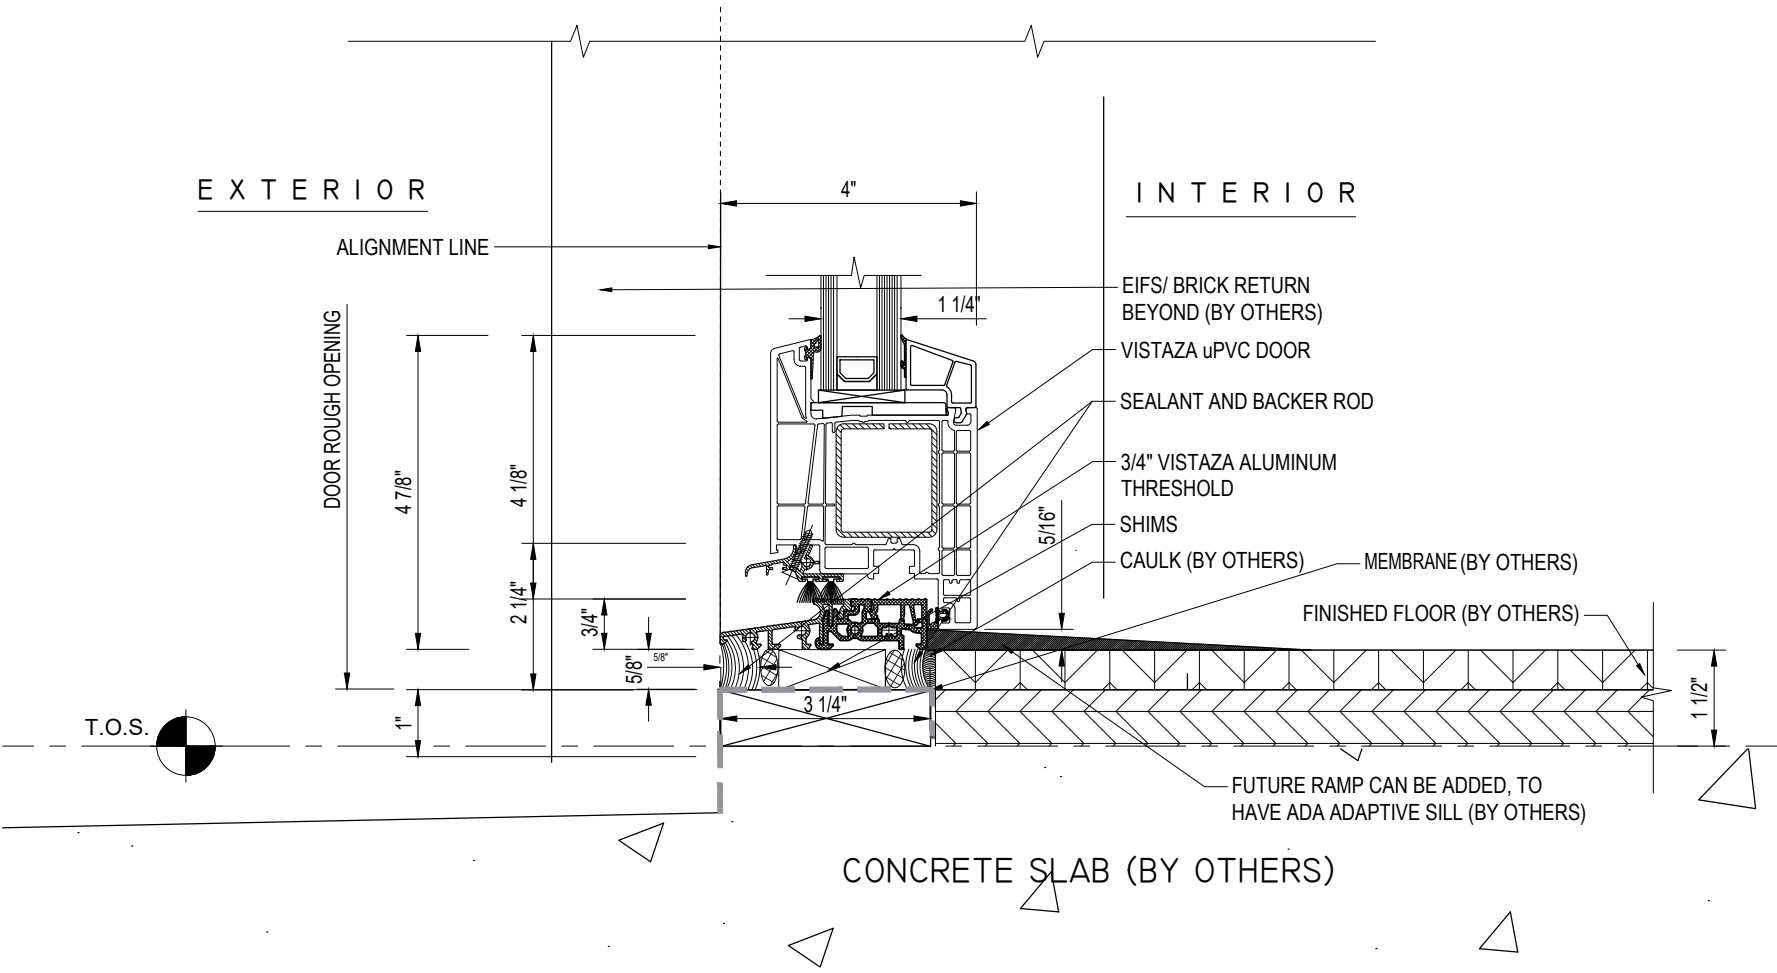

VI6 TERRACE DOOR

Accessible sill

SCALE

6" = 1'-0" · half full size

Vertical section. In-swing door on the flat accessible threshold, 1/2 inch high.

VI6 TERRACE DOOR
Adaptable sill

Vertical section. Door on the standard aluminum threshold over the slab, with the wedge of a future ramp by others shown outside.

SCALE
4" = 1'-0" · one third full size
