Sliding doors.

Cross-sections

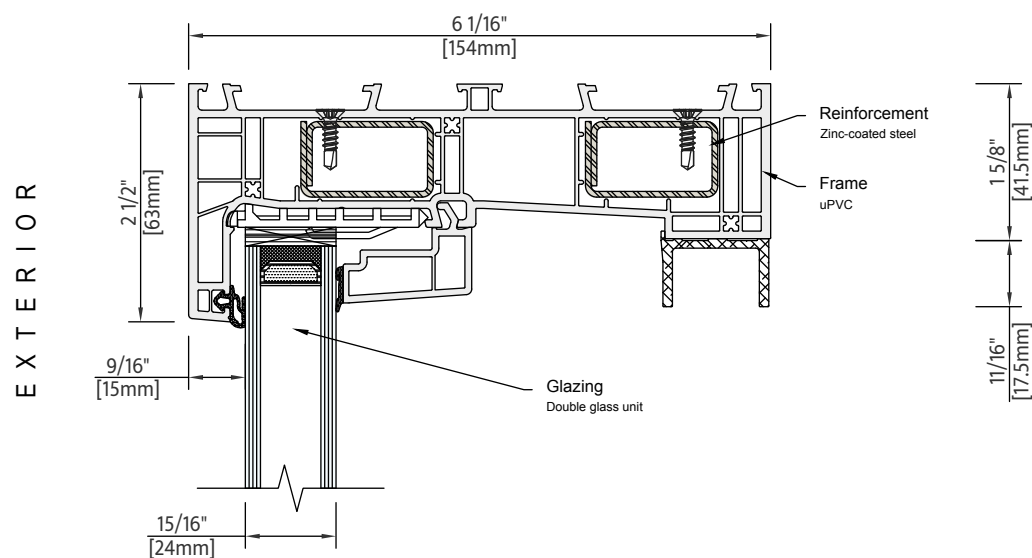

Typical sections through the Vistaza Vi5 sliding door, one fixed panel and one sliding panel: the head and the sill at each panel, both jambs, the post where the sliding panel meets the fixed one, the connector to a fixed unit above, and a trickle vent. Details are drawn at half full size; the connector over the sliding panel, too tall for the page at half, is drawn at one third.

READING THE SHEETS

- Scale** Print at 100% on Letter. Do not fit to page.
- Units** Dimensions in inches, with millimetres in brackets.
- Steel** Zinc-coated steel reinforcement is shown hatched.
- Issued** October 2026. Supersedes earlier issues.

VI5 SLIDING DOOR

Head at the fixed panel

SCALE
6" = 1'-0" · half full size

Vertical section. Frame head over the fixed panel, glazed near the outside face.

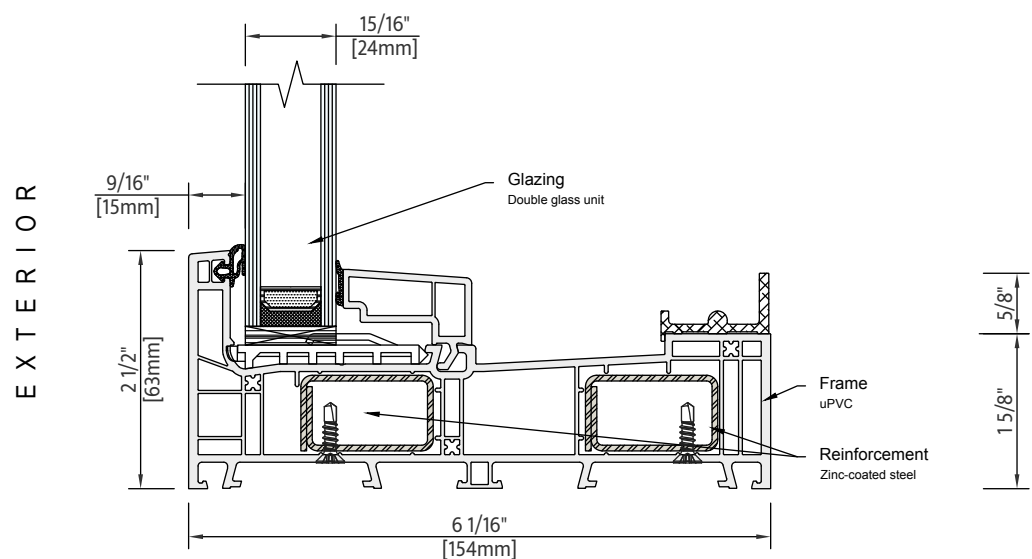

VI5 SLIDING DOOR

Head at the sliding panel

SCALE

6" = 1'-0" · half full size

Vertical section. Frame head with the top rail of the sliding panel, room side.

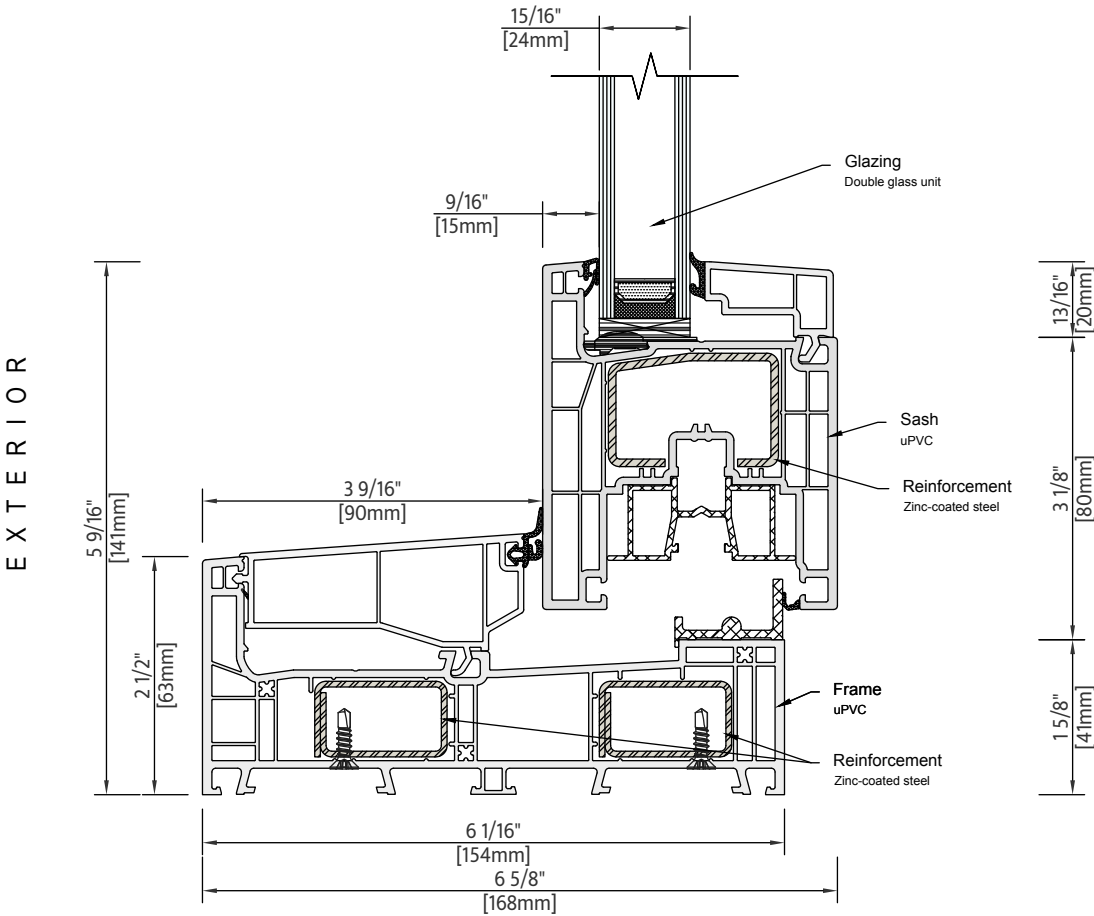

VI5 SLIDING DOOR

Sill at the fixed panel

SCALE

6" = 1'-0" · half full size

Vertical section. Frame sill under the fixed panel, glazed near the outside face.

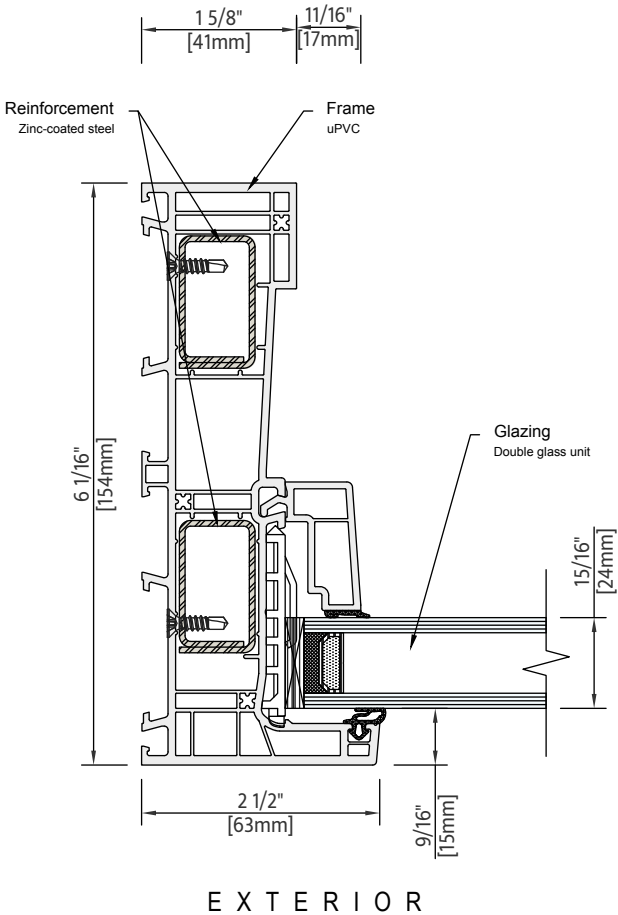

VI5 SLIDING DOOR

Sill at the sliding panel

SCALE
6" = 1'-0" · half full size

Vertical section. Frame sill with the bottom rail of the sliding panel, room side.

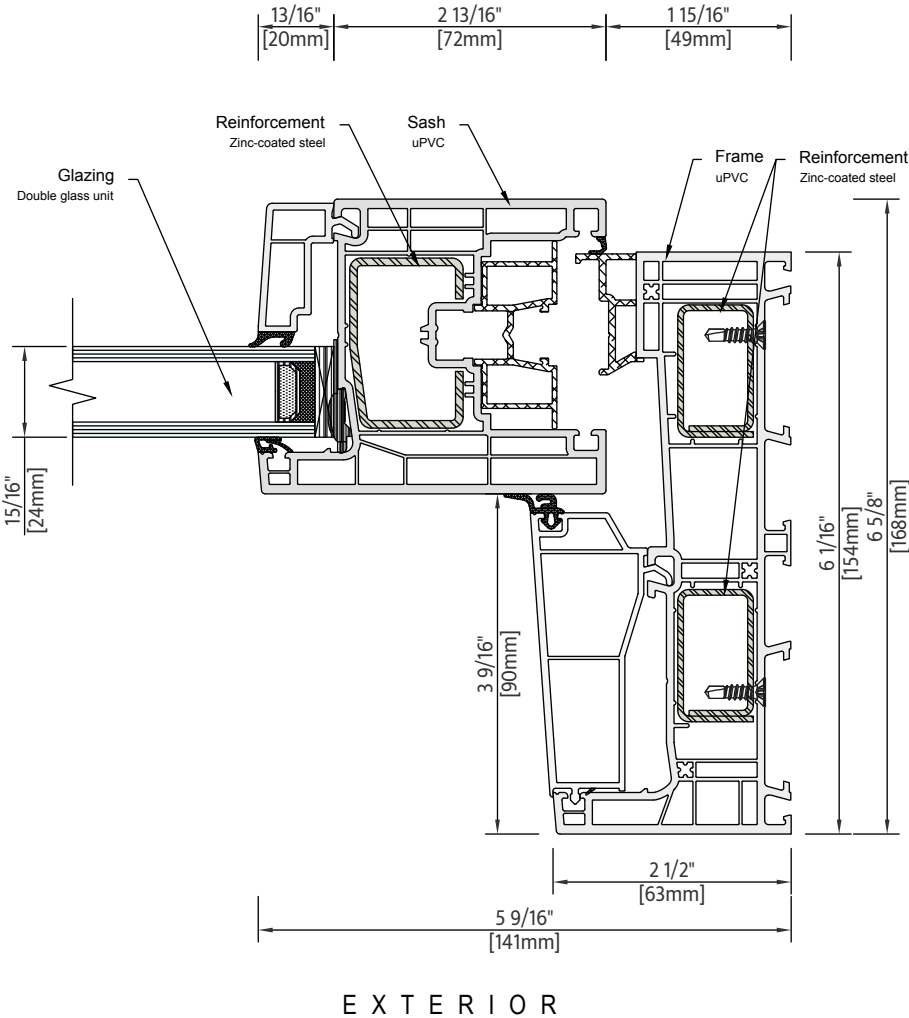

VI5 SLIDING DOOR

Jamb at the fixed panel

SCALE

6" = 1'-0" · half full size

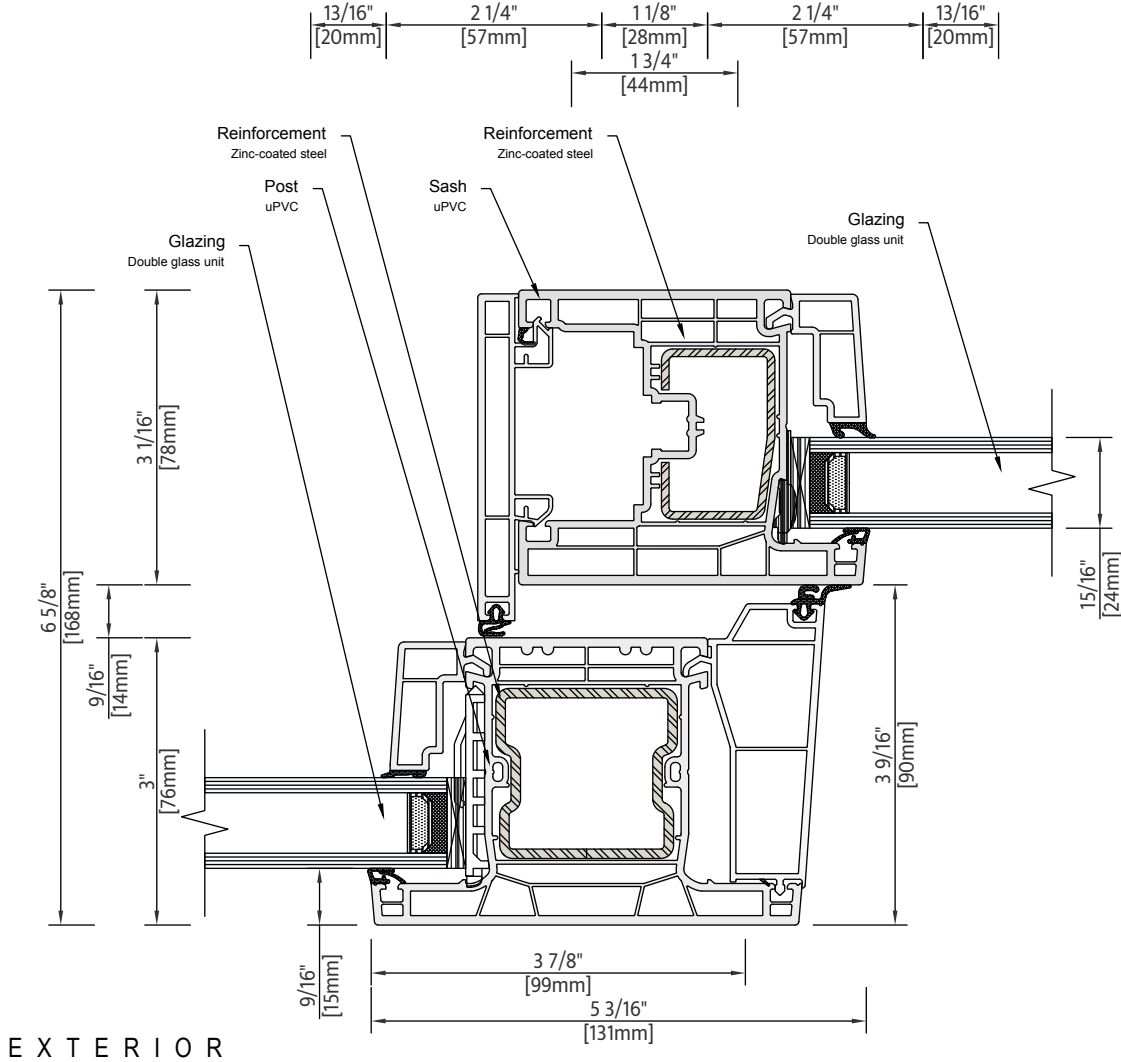

Horizontal section. Frame jamb with the fixed panel glazed into it.

VI5 SLIDING DOOR

Jamb at the sliding panel

SCALE
6" = 1'-0" · half full size
Horizontal section. Frame jamb where the sliding panel closes.

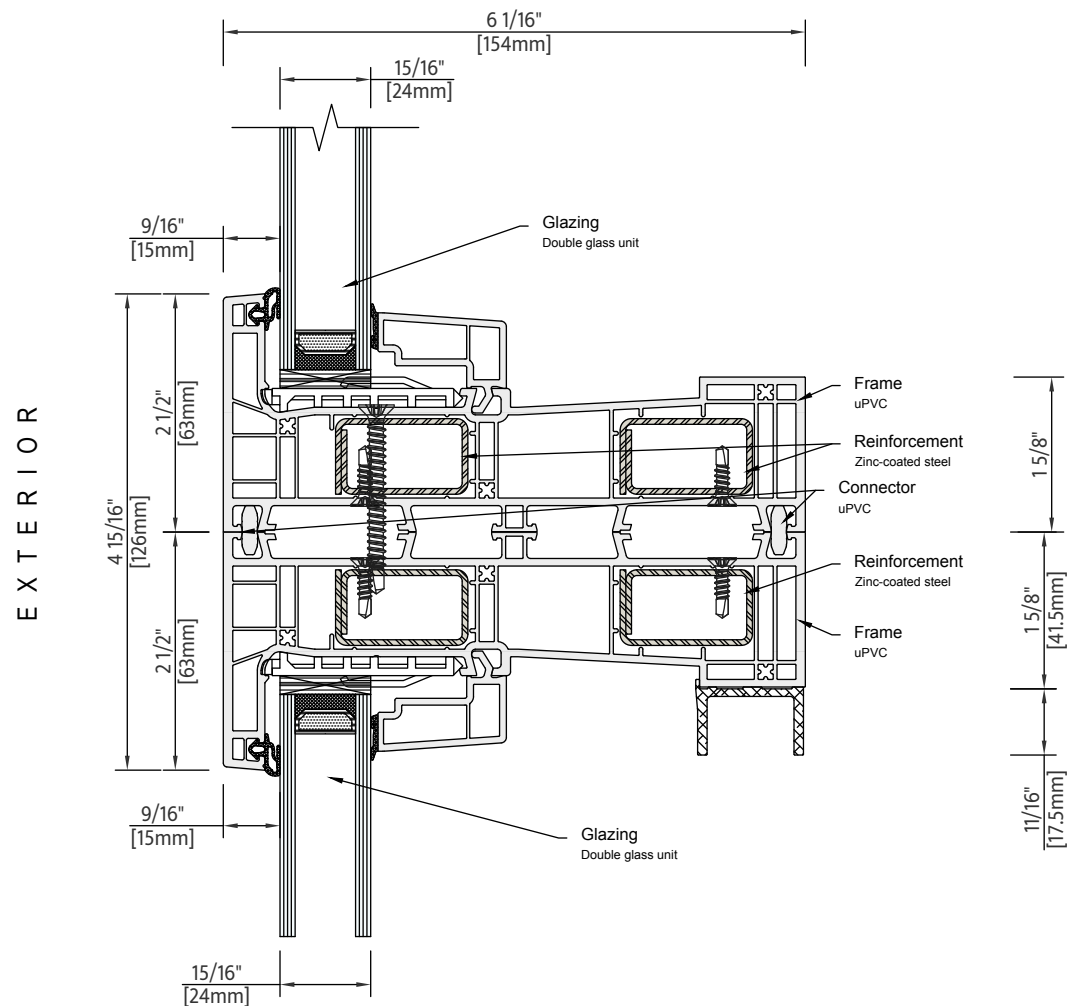

VI5 SLIDING DOOR

Post, fixed to sliding panel

SCALE

6" = 1'-0" · half full size

Horizontal section. Fixed panel in the post, the sliding panel overlapping it on the room side.

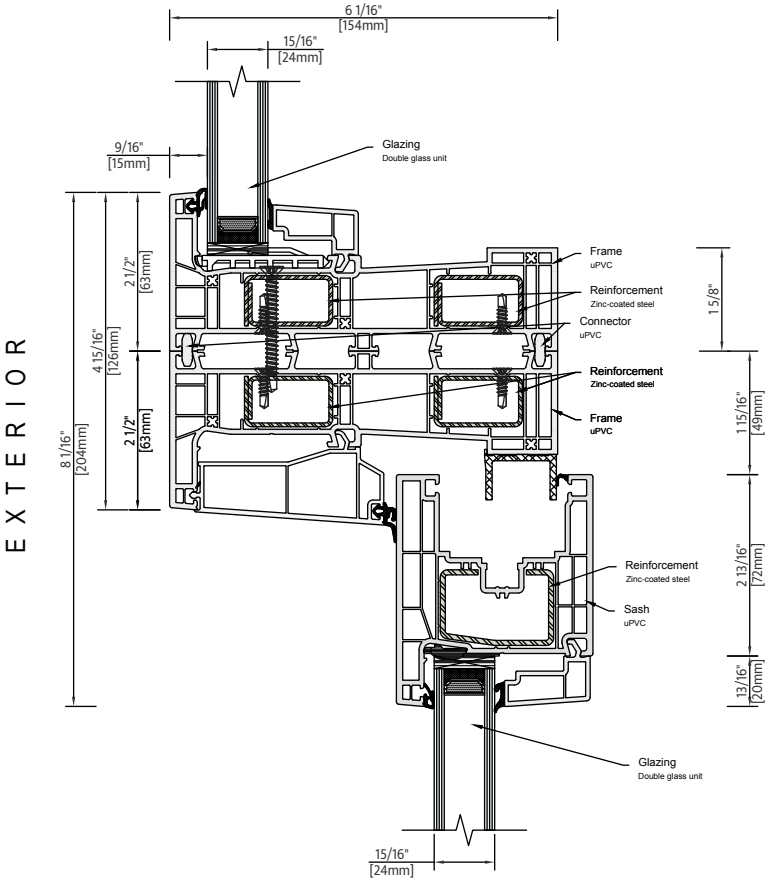

VI5 SLIDING DOOR

Connector over the fixed panel

SCALE

6" = 1'-0" · half full size

Vertical section. A fixed unit above, coupled to the door head with a connector.

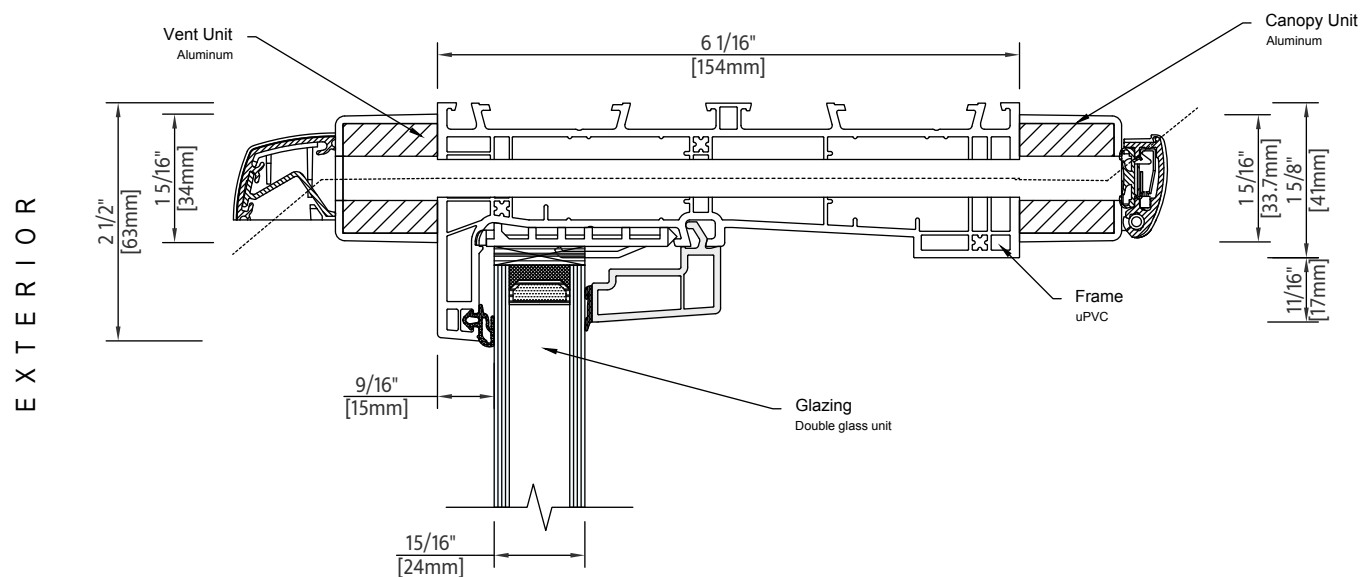

VI5 SLIDING DOOR

Connector over the sliding panel

SCALE

4" = 1'-0" · one third full size

Vertical section. A fixed unit above, coupled to the door head with a connector.

VI5 SLIDING DOOR

Trickle vent at the head

SCALE

6" = 1'-0" · half full size

Vertical section. Head of a fixed unit over the door, an aluminum trickle vent through it.
